

HOROSCOPE

TUESDAY, DECEMBER 22, 1919.

MERCURY, Saturn and Venus are in benefic aspect today, according to astrology. Mars and Uranus are adverse.

This should be an especially favorable day for estimating profits and settling up the year's accounts, for Mercury is in a place that is most promising.

Theaters and all amusement enterprises should prosper the remainder of the week, despite tradition.

Increase of public interest in the drama is again foretold for the coming year, but there will be a popular movement to bring the price of theater tickets within the reach of those of small means.

Venus is in an aspect supposed to favor the spending of money for gems and for utensils of gold and silver. Extravagance in the purchase of jewelry will be so marked that its sinister significance will be recognized, the wiser declare.

Uranus, the planet of socialistic tendencies, is in threatening aspect today. Again labor troubles and riots are prognosticated.

The spirit of war loomed for two years will still be strong. It is allowed, and will affect many minds.

DOCTORS USE CALOTABS FOR COLDS AND FLU

Influenza and Grippe, Like Ordinary Colds, Require Calotabs, the Purified and Refined Calomel Tablets That Are Tasteless, Safe and Sure.

Physicians and druggists claim that the great epidemic of influenza has conclusively demonstrated that the quickest relief for a cold and the best prevention of influenza and pneumonia is to keep the liver active so that the digestive organs may be in perfect condition. For this purpose Calotabs, the new tasteless calomel tablets that are free from the sickening and weakening effects of the old calomel, are the most thorough and dependable as well as the most agreeable laxative.

Calotabs have the special advantage of not making the patient sick and weak, as they do not upset the digestion and appetite. One Calotab at bed time with a swallow of water—that's all. No salts, no nausea, no the slightest interference with your eating, pleasure, or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine with a hearty appetite for breakfast.

For your protection, Calotabs are sold only in original sealed packages, price thirty-five cents. Sold by all druggists and your money back if you are not delighted with them.

How quickly Resinol Soap cleared my skin

"Do you remember, Marie, how bad my skin looked when time ago? I was so miserable about it. I never really enjoyed myself. I wouldn't have believed what an improvement Resinol Soap could make. It is wonderful how it gets

right into the pores and cleanses them from little particles of dust, etc. It makes my skin feel so refreshed, too, because it has such a wholesome odor, and is so soothing. I wish everybody would try it."

Be Young for Your Years

You were taught at school that your body undergoes a complete change of structure every seven years.

This tearing down and building up process of body tissue continues without a moment's pause throughout life.

And when a man gets into a physical condition that the tissues keep breaking down and wasting away faster than Nature can replace them, right then he begins to grow "old."

This doesn't necessarily mean, however, that he has reached an advanced age. Thousands upon thousands of people begin to break down, their vital organs giving evidence of fast approaching decay, long before they reach middle age, simply because they fail to give Nature, at the proper time, the needed help to rebuild.

If you are beginning to show the slightest signs of a physical "let-down"—if you are losing your old time "pep" vim and vigor—if high tension energy and nervous strain are beginning to tell on you—it's a sure sign that you are growing "old"—too old for your years. You've reached that stage where your vital forces need rebuilding. Don't make the serious mistake

23 IDLE HENS NOW LAY 27 EGGS A DAY

And this was in Cold Winter Weather. Mrs. Davidson's Plan is Simple.

"I fed a 30-cent box of Don Sung to my flock of 23 hens that were not laying. But they are laying now. I receive as high as 27 eggs a day and never less than 25."—Mrs. Jennie Davidson, Tulsa, Okla., Chickadee.

Mrs. Davidson wrote this letter in February. Figure her profit on this flock as a day, from hens that "wouldn't lay" during January and February. We'll make you the same offer we made her. Here it is:

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and adds you a good profit besides, simply tell us and your money will be promptly refunded.

Don Sung (Chinese for egg laying) works directly on the egg laying organs, and to also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather and starts her laying.

Try Don Sung for 30 days and if it doesn't get your eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your drug store or poultry supply dealer or send 30 cents for a package by mail new—Burrell-Darner Co., 220 Columbia Bldg., Indianapolis, Ind.—Adv.

"Ware's Black Powder Cured My Son of Serious Stomach Trouble"

Mr. L. Blaylock, the well known publisher of the Texas Christian Advocate, tells how Ware's Black Powder cured his son.

My son suffered for some years from stomach trouble and was compelled to change climate several times for relief. He had practically a year's time seeking a cure, spending some of the time at Mineral Wells, and in the North and East. Finally someone suggested Ware's Black Powder, and a bottle practically cured him. He has had no return of the trouble now for more than a year.

The above testimony was written more than ten years ago and I have had no reason to change my views; on the contrary my faith in its efficacy has been greatly strengthened.
